

"NO SADDER PROOF CAN BE GIVEN BY A MAN OF HIS OWN LITTLENES THAN DISBELIEF IN ALL MEN WHO HAVE BECOME GREAT."—CARLYLE.

AMERICAN FORCES TAKE VANDIERES, TWO MILES BORDER OF GERMANY

Paris, Sept. 17.—American troops have reached Vandieres within a mile and a half of the German frontier, "La Liberte" announced today. Vandieres is in the Moselle valley, 3 miles north of Pont-a-Mousson. (See Vandieres on map.)

By Fred S. Ferguson

With The Americans On The Metz Front, Sept. 17.—Gradual progress of the American lines at the right and left extremities continue as the Germans fall back to the Metz defenses. The right advance is being made between the Mad and Moselle rivers. The Germans are busily digging in along the Hindenburg line while our positions are being steadily strengthened.

Fighting near the Hindenburg line has largely been transferred from the ground to the air. While the Boche hurried airplane reinforcements here, concentrating between the Meuse and the Moselle was going on. Two Boche planes have been brought down.

The French and Americans are keeping the enemy practically beyond his own lines. Americans made nine bombing attempts yesterday. It is estimated that the Germans have disbanded 102 infantry battalions, equivalent to 12 divisions, to make up for the losses resulting from previous fighting. Five thousand women are being mobilized for certain auxiliary service. Boys of 15 also are being used.

London, Sept. 17.—Further progress toward St. Quentin was reported by Field Marshal Haig today. The British also improved their positions in Flanders and north of Lens.

"Our troops made progress yesterday in the direction of Le Verger northwest of St. Quentin," the statement said. "We improved our positions slightly yesterday and during the night northwest of Hulloch between La Bassée and Lens, and northeast of Neuve Chapelle."

Amsterdam, Sept. 17.—According to "Echo Belge" Bulgarian regiments have arrived back of the western front to assist the Germans.

Rome, Sept. 17.—An important council at Austrian headquarters was held recently by members of the general staff. General Borovick, president.

Washington, Sept. 17.—The whole Serbian army have united and are on Serbian soil as the result of the Jibro-Pelle victory against the Bulgars. This victory gained the second Serbian army their chance at their objective to rob the Bulgarians of their positions which they had held tenaciously for more than two years.

London, Sept. 17.—The Serbian offensive continues with complete success, it was officially announced today. The Bulgar front has been penetrated to a depth of more than 5 miles on a front of over 12 miles. More than 3,000 prisoners and 24 guns have been captured. The French and Serbian casualties are small.

2064 MEN LIABLE FOR FIRST CALL IN THIS DISTRICT

According to the records of the recent registration for District No. 1 of Clearfield county, as completed at local Selective Service headquarters, there are 2064 men liable for first call, being between the ages of 18 to 21 and 31 to 46 inclusive, under this registration.

Following is the compilation according to ages between 18 and 45—

CLEARFIELD FAIR IS READY FOR FAIR WEATHER

Everything is in readiness for the big fair over at the Driving park and visitors will be surprised at the gorgeousness of the display and the varied character of the amusements provided.

The live stock and other farm exhibits were coming in in great shape all day Monday and today and this feature will be well worth seeing.

The huge exhibition pavilion is a veritable bower of beauty to exhibitors vying with each other in their attempts to make the prettiest showing at their individual booths.

The track is in fair condition despite the recent wet weather and the professional motor cycle racers are ready and willing to stage some thrilling races.

The Wallace Vocal Orchestra a famous musical organization is on hand and a fine wild west show is also one of the chief attractions.

Don't miss the fair this year, it is well worth visiting. Fireworks, music, dancing and other interesting features in the evening.

Tonight will be a big night at the fair grounds. Promptly at eight o'clock the Wallace Vocal Orchestra will give a concert on the grandstand after which, about eight thirty, the gorgeous fireworks display will amuse the crowd. Thayers orchestra will play in the main building throughout the evening. An admission of twenty five cents will be charged.

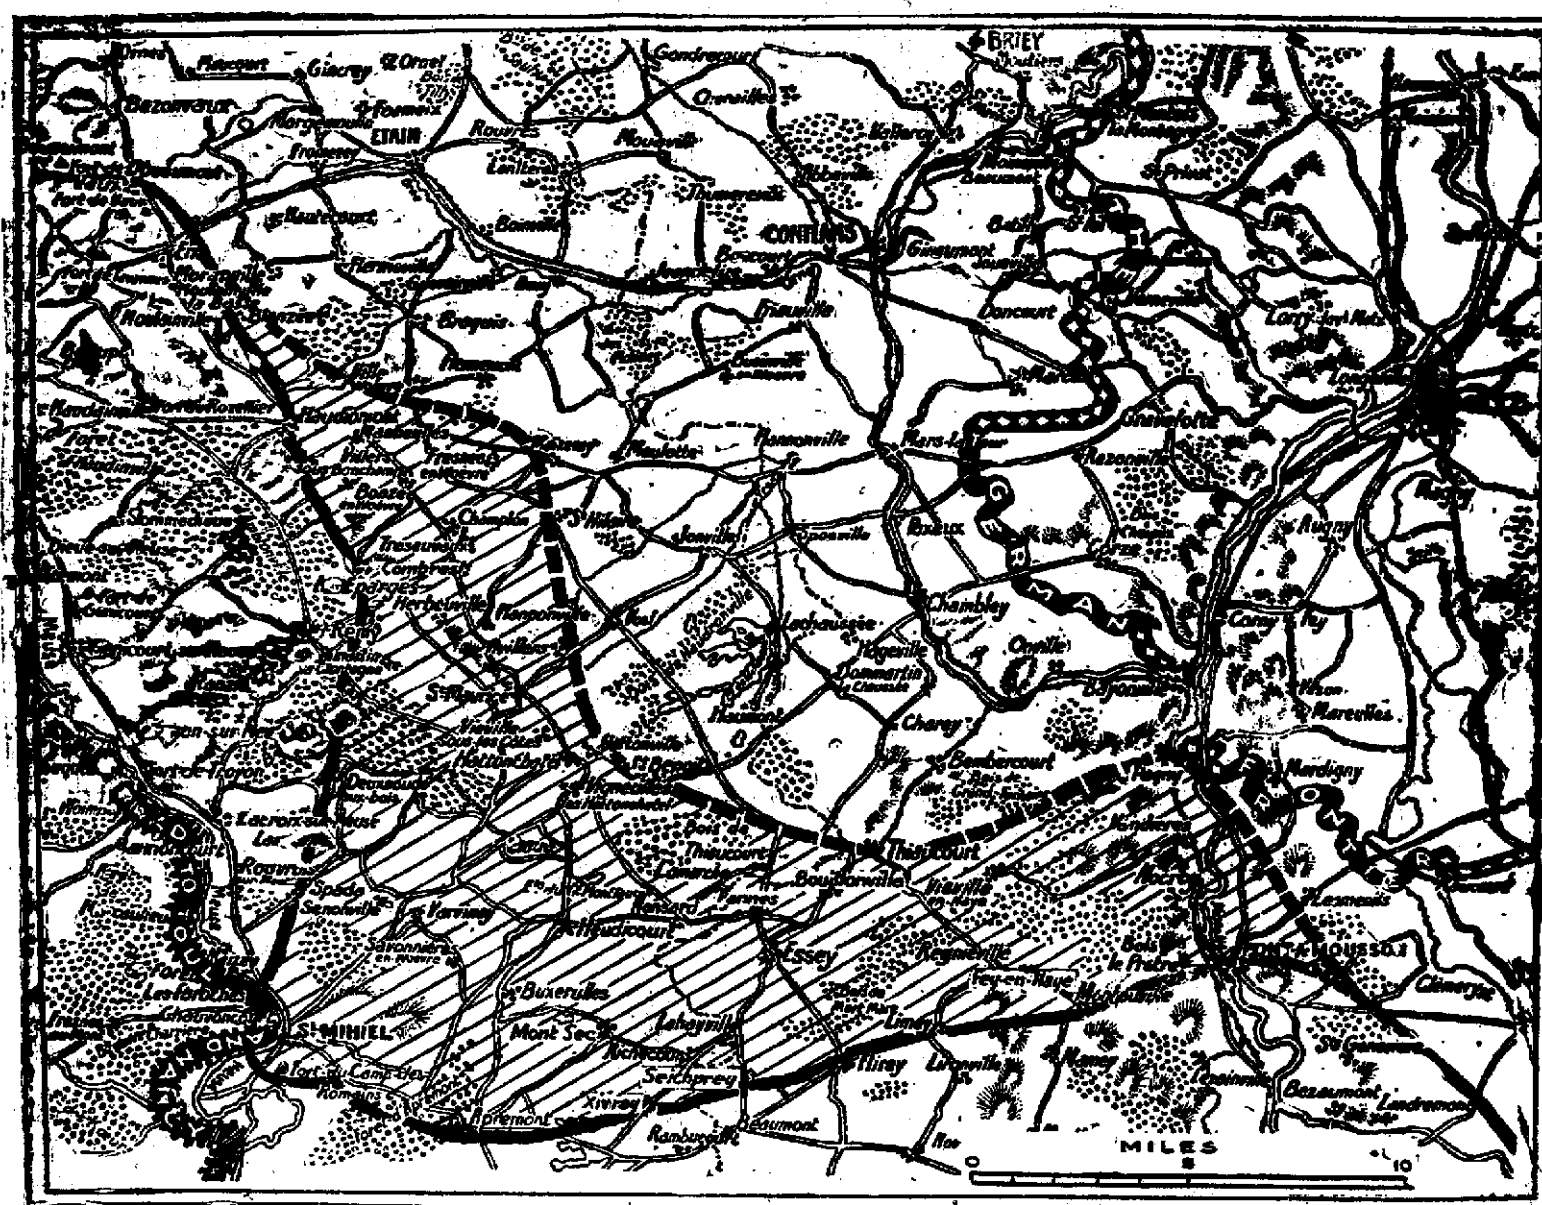

Weather conditions are getting more favorable and the management expects to be able to carry out the regular program in full tomorrow.

How General Pershing's Forces Have Eliminated the St. Mihiel Salient

LINE AT THE TIME OF PERSHING'S DRIVE ——— AMERICANS' PRESENT LINE

TODAY'S CASUALTIES

The following casualties are reported by the commanding general of the American Expeditionary forces today:

Killed in action	28
Missing in action	166
Wounded severely	109
Died of wounds	9
Died from accident and other causes	7
Wounded, degree undetermined	17
Wounded slightly	3
Prisoners	4
Total	343

The following Pennsylvanians are in today's list:

KILLED IN ACTION

Master Engr. Robert Marsh, Bristol
Vold Tarassuck, Burgettstown
Pier Wanck, Ford City

WOUNDED SEVERELY

Sgt. James Borbridge, Philadelphia
Corp. William H. Hess, Huntingdon
Corp. William Switzer, Tyrone
John Miller, Jessup
Norman C. Carl, Emmaus
Thomas J. Voss, Bristol
Murray J. Colledge, Everett
Wilbur F. Corbin, Huntingdon
Morris Nagle, Allentown
William Farlow, Philadelphia
James H. Redding, Wimmers

WOUNDED (Degree Undetermined)
John W. Webster, Farmville
Howard C. Stephens, Dorranceton

MISSING IN ACTION

Henry S. Kiefer, Philadelphia
George W. Lentes, Bryn Mawr
Stacey Martinavage, Shenandoah
Emil Edlund, Winburne
William E. Gaus, Braddock
Joseph Greiner, Lancaster
Erwin Grider, Allentown
William O'Donnell, Philadelphia
Joseph C. May, Scranton
Anthony Paleski, Scranton
Norman Zimmerman, Myersdale

CAMP UPTON GUARANTINED

Camp Upton, N. Y., Sept. 17.—Camp Upton was closed today by order of Col. John S. Mallory post commander to check the spread of the so-called Spanish influenza of which there are 700 cases in the cantonments. There are sufficient nurses and physicians at the camp to cope with the situation.

NOTICE

Overly Bros. store will be closed on Thursday afternoon for the county fair.

NAVY LEAGUE PLAY WILSON'S REPLY TO AUSTRIA IS SHORT AND TO THE POINT

A capacity house greeted the initial performance of the local talent playlet, "The Land of Let's Pretend" last evening at the Driggs theatre. That it was a success was attested by round after round of applause which greeted the local thespians as they unfolded their parts and carried them through to an altogether delightful finish. The audience was literally swept from their feet with the beautiful scenes, excellent singing and fine chorus work of the performers. Today one hears only the greatest of praise of the players and the recommendation of those who were fortunate enough to be first nighters will go a long way to guarantee a full house this evening and tomorrow evening.

It would be hard to pick out any particular performer for any special mode of praise for there was little to choose from in point of excellence in the portrayal of parts. There was some difficulty in getting a cast at the first but in spite of this obstacle the show is all that is claimed for it—and more. The execution with which the leads played their parts and the uniformity and dash of the chorus attested the abilities of Mortimer Shuter the director of the play. Able critics declare the work of the cast as above anything ever seen in amateur theatricals.

The presentation of such a meritorious piece of work will win friends to the Navy League and judging from the outlook the two performances to come will eclipse last night's efforts.

GREEKS GAIN OVER BULGARS

Athens, Sept. 16.—delayed—Greek troops have advanced from 2 to 3 miles on a 179 mile front in the Struna sector between the Vardar river and Lake Dorian taking several villages according to dispatches from Salonika today. The attack was a complete surprise. The Greeks lost only 2 officers and 10 men, while the Bulgarian losses were heavy.

WHOLESALE EXECUTIONS IN PETROGRAD

Copenhagen, Sept. 17.—Within the last few days 512 persons have been executed in Petrograd and 400 others are awaiting trial according to dispatches received here today. 10,000 officers are said to have been in prisons in the Russian capital.

WILSON'S REPLY TO AUSTRIA IS SHORT AND TO THE POINT

London, Sept. 17.—President Wilson speaks for the Allies, declared Lord Northcliff writing in the Evening News today relative to America's reply to the Austrian peace proposal.

London, Sept. 17.—Without exception morning newspapers today placed their endorsement on the unofficial reply to the Austrian peace proposals voiced by Foreign Secretary Balfour.

Washington, Sept. 16.—President Wilson tonight flatly rejected the Austro-Hungarian government's proposal for a peace parley. His reply is perhaps without a precedent in history. It was made public within half an hour after the Swedish minister delivered the text of the note to the state department.

The President's answer was issued in the form of a statement from Secretary Lansing and reads:

"The Government of the United States feels that there is only one reply which it can make to the suggestion of the Imperial Austro-Hungarian government. It has repeated and with entire candor stated the terms upon which the United States would consider peace and can and will entertain no proposal for a conference upon a matter concerning which it has made its position and purpose so plain."

The President, it is assumed, again spoke for the allied world. And in so doing, wrote "this" to the Austrian move. His answer, couched in the plainest language, consisted of exactly 68 words as compared with the several thousand words that made up the long statement from Austria.

Tomorrow, the message will be given over to the Swedish minister in exactly the same terms as it appears tonight.

Chronologically, the answer constitutes the fastest chapter in this country's war history and there is a reason. It is that the United States in common with the allies, saw through the hypocrisy of the Austrian note and the thin veneer that barely hid Germany's hand in the proposal and therefore, wished to dispose of it as rapidly as possible.

It was 6:20 o'clock when the Swedish minister arrived with the note. Two minutes later he left the office of Secretary Lansing and in thirty-three minutes Mr. Lansing gave an audience to newspaper correspondents and made public the reply.

HE RAMBLED! YES, HE RAMBLED! RAMBLED! RIGHT ALONG! SURE!

The "Bowery" was the scene of a near-tragedy last evening. During the rainstorm an automobile drove up to the curb and deposited a female passenger onto the sidewalk. As the chauffeur or driver of the car closed the door after "his fare" a man stepped from behind a convenient tree and ramming the business end of a blue steel gat under the surprised auto driver's ear threatened to scatter the latter's gray matter promiscuously about the wet street.

The gun play was accompanied by a general anathema against all triflers with the affections of other men's wives. The poor scared autoist attempted to explain but the man with the gun had the floor and refused to yield. After threatening instant and seven other kinds of deaths he thought better of it and deciding that the county jail was the place for such as he believed his victim to be, the irate husband ordered his man to begin the lock-setp drive to Sheriff Gorman's mansion.

It was not a terrible long drill at that but did you ever travel any considerable distance with the cold muzzle of a revolver at the butt of your ear. We didn't but we heard a fellow describe his feelings, who was the central figure in such a demonstration.

Talk about war and "going over the top," the fellow ahead of that gun would have changed places instantly with the Hun general in charge of the chief fortress at Metz, with the bayonets of Pershing's doughboys right at his throat. He attempted again and again to explain to the angry husband that he had the wrong man, that he was merely acting as a jitney driver and was not to be held personally liable for any passenger he might transport from place to place.

Nothing doing along that line. The "man behind the gun" ordered all chatter to cease and it did when he said he would count three and then shoot if the parade stopped for an instant. Well, to make a long story short, the jail was soon reached. Sheriff Gorman, wearing his most winning smile, answered the knock and while he was somewhat jarred by the manner and appearance of his callers, he proved equal to the occasion, and with rare foresight soon had an iron door between prisoner and pursued.

After seeing his victim safely within the portals of the county stone pile the injured husband retraced his steps

FLAG POLE WILL BE LOCATED AT DIAMOND

Council At Its Regular Meeting Gives Sanction To Location Favored By Public

POLICEMEN ARE GIVEN RAISE

Last night's semi-monthly session of council was attended by seven of the twelve members. President Fletcher presided and the business of the session was disposed of with rapidity and dispatch.

Burgess Chase reported 15 arrests during the month of August, with the collection of \$85 in fines and \$8 for licenses granted. The Burgess also recommended an increase in the salary of the policemen.

Engineer Hess reported the establishing of sidewalk grades and stated that no action had been taken by the State Health department on Bigler avenue sewer permit.

Chairman Gallaher of the Finance Committee, presented the report of the committee recommending increase of \$15 per month in the salaries of the police to take effect September 1, 1918. On motion it was unanimously decided to increase the salary of Chief Eadie and Assistant Carlson to \$115 and \$110 per month.

Messrs. A. W. Lee, J. G. McCarty, F. B. Leavy and A. W. Leonardson petitioned council to have the alley adjoining their properties between Second and Third streets and from Second street between Market and Cherry, the said property owner agreeing to pay two-thirds of the cost of the paving. This being in accordance with the general plan of council it was unanimously decided to accept the proposition and the Street Committee was instructed to do the work when labor and material were available.

The matter of the location of the pole for the flag raising on September 29th was again taken up. Burgess Chase and several councilmen stated that the people of the town were almost a unit in the demand that the pole be located in the center of the "diamond" at the public square. Thereupon it was unanimously decided to rescind the action of council of August 19th and grant permission to the committee in charge to locate the pole at the diamond, the same to be substantially erected and made safe.

Council then adjourned to meet Monday evening, Oct. 7th at 8 p. m.

REPORT BILL FOR ONE-MAN AIRCRAFT CONTROL POST

Washington, Sept. 17.—Acting in direct opposition to the "wishes" of the Administration the Senate Military committee today reported favorably the bill providing for one man control of the aeroplane industry. The bill introduced by Senator New of Indiana provides for a new officer to be known as the Secretary of Aeronautics.

Washington, Sept. 17.—An estimate of \$7,348,000,000 to carry out the new enlarge army program under the 16 to 45 draft law was submitted to Congress by the War department today.

NOTICE

The September meeting of the Woman's Home Missionary of Trinity Methodist church is postponed until Wednesday of next week.

to his home and no doubt sought satisfactory expiation at that end of the line.

Friends came to the rescue of the luckless victim of the irate husband's wrath and he was soon at liberty again, but nervously juked and dodged behind the other fellow every time he passed a shade tree or dark corner. He says he and his auto are no longer for hire after sundown. It is too hard on the nerves.

Jos. Phillips, Clearfield

THE REPUBLICAN TICKET

The names of the Republican nominees for State, Congress and local offices appears at the head of the editorial columns of this Progress this evening. The campaign in Pennsylvania has just opened yet, but it will be well for the voters to familiarize themselves with the personality of the candidates who seek support on the Republican ticket. So much time has elapsed since the people nominated these men, and the war interest has so engrossed the minds of the electorate that politics have been almost forgotten. But politics is part of the war game at this time. It is hoped that the men who are elected next November will not have served their full terms before the great conflict is at its end, and the country is considering the measures for

the ticket which the Republicans of Pennsylvania have placed before the voters this year is one of the best that could be made. At the head is Senator William C. Sproul, nominee for the office of Governor. His long service in the State Legislature has made him thoroughly conversant with the needs of the State. Moreover, he is an able business man, connected with large industrial interests, and as such a part of the business which has given Pennsylvania its prosperity and its position as the busiest State in the Union. Every person who has known Senator Sproul has only good words to say of him, and his friends who know him best are among his strongest supporters. Edward E. Beidleman, nominee for Lieutenant Governor, is a State Senator, having served in that body since 1912. Prior to that term he served eight years in the House, so that he has long legislative experience. As an attorney he was considered one of the ablest members of the Dauphin county bar. In connection with the laws of the State and high executive ability he is especially fitted for the office.

James F. Woodward, who has been selected as the Republican nominee for the office of Secretary of Internal Affairs, is a native of Chester county, but has lived the greater part of his life in Allegheny. He has served in the House since 1905. He has been connected with the administration of several hospitals about Pittsburgh, and has taken an active interest in this work. His general training, as well as his legislative experience, fit him for the office.

Most of the candidates for Congressmen-at-Large have already served the State in the National House, through several terms. William J. Burke is one who has not yet been in Congress though he has been a member of the State Senate. He is well known among the railroad men, having been connected with most of the various railroad labor organizations, and as the representative of those bodies has held high positions in their councils. Thomas S. Crago and Walters have all represented their districts in Congress and with ability, and also have been elected to the House as Congressmen-at-Large.

The Republicans of this Congressional district have fittingly named Evan J. Jones to be their candidate for the honor. Mr.

If you are going to attend the Big Fair this week be sure to stop at Brown's and see the newest and snappiest shoe styles for Fall and Winter. They are more beautiful than ever. Prices considerably below what you might expect to pay, you will see tans, greys and blacks in abundance; Military, Cuban and French heels. Compare our prices, then judge for yourself
\$5.50, \$6.50, \$7.50, \$8.50, \$9.00, \$9.50

We are preparing for a big Sale for your benefit because we realize that during these busy times that you cannot get to town as often as you wish and Bargains are a real treat when you have to make every dollar do its bit so, supply your footwear needs for the family now as you cannot get these shoes later at the prices we are asking for them this week. Will it not pay you to come in and look them over?

SCHOOL SHOES

We give special attention when fitting the little ones to be sure that there is lots of room that will not crowd the growing feet.

Winning The War

has become the big issue of the day. The business man is bringing every force to bear in fulfilling the mighty part he is called upon to play. This is the time when the experience and service of the Clearfield Trust Co., can be especially beneficial. Our officers invite conference with loyal business men of this community.

Jones, who is a man qualified in every respect to represent this district.

Dr. Miller was the State Senator from this district during the last term and well deserves the second. He always had the interest of his district at heart, and was ever willing to carry out the wishes of the people to the best of his ability.

For the Assembly the Republicans have nominated Joseph E. Phillips, of Clearfield, D. D. Miller, of Grampian, and Dr. A. H. Pidgeon, of Houtzdale, all of whom have the confidence of their neighbors as being men who will serve the people very ably.

KIDNEYS WEAKENING?

LOOK OUT!

Kidney and bladder troubles don't disappear of themselves. They grow upon you slowly but steadily undermining your health with deadly certainty, until you fall a victim to terrible disease.

Stop your troubles while there is time. Don't wait until little pains become big aches. Don't trifle with disease. To avoid future suffering, begin treatment with GOLD MEDAL. It is a sure cure for all urinary troubles. It is a sure cure for all urinary troubles. It is a sure cure for all urinary troubles.

its preparation and sale. The good housewife of Holland would almost as soon be without food as without her "Gold Medal" Bladder Oil Capsules. Take them as directed and if you are not satisfied with results your druggist will gladly refund your money. Look for the name "GOLD MEDAL" on the box and accept no other. In sealed boxes, three sizes

EXEMPTION CLAIMS WILL REQUIRE DETAIL OF PRIVATE AFFAIRS

Distribution of draft questionnaires to close to 14,000,000 men, which will begin this week in many states, will reveal to the new registrants the fact that they are required to set down in Government records their most intimate personal affairs, financial, domestic and physical.

A man who claims exemption must tell everything about himself from the color of his eyes to the amount of money he made last year, and how he spent it; what he owns and how much he owes; whether he owns or rents his own home or lives with his or his wife's parents; the date of his marriage, and birth of a child, and the date their dependency upon him began. There are just a few; there are many others.

General Crowder realizes that many men would have a hesitancy in setting down in writing many of these intimate personal facts, if the record of them were to be public property. Facts connected with the classification of men by the boards are public records, but General Crowder has issued regulations prohibiting local draft boards from disclosing for public inspection the answers of registrants on health and dependency subjects.

ANOTHER CLEARFIELD GIRL IN THE SERVICE

Miss Evelyn Davis daughter of Mr. and Mrs. John B. Davis of Linden street left on the 8 a. m. train for Azalea, North Carolina, where she has been assigned to Base Hospital No. 19. Miss Davis is a graduate of the Harrisburg hospital where she has been night superintendent since her graduation 16 months ago.

Miss Davis has two brothers with the American Expeditionary Forces in France Harry, who is in a regular army regiment and Charley, a National Guardsman.

IF KIDNEYS AND BLADDER BOTH

Take Salts to Whisk Kidneys and Neutralize Irritating Acids

Kidney and bladder weakness result from uric acid says a noted authority. The kidneys filter this acid from the blood and pass it to the bladder, where it often remains to irritate and inflame, causing a burning stinging sensation or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passing sometimes with a scalding sensation and is very painful; again there is difficulty in voiding it. Bladder weakness most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again. Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is a splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink which quickly relieves bladder trouble.

BUSH BROWN TRIAL FOLLOWS PALLATINO

The trial of Tony Pallatino for the murder at Tyler on July 7th last of Dominick Rizzo began about 11:30 yesterday morning.

After the arraignment of the defendant by District Attorney Arnold, the selecting of the jury was begun. This task was completed at 4:20 p. m. The following make up the jury:

Daniel Meyer, farmer, Decatur twp. Clair Wineberg, painter, DuBois. A. C. Lansberry, farmer, Bradford township.

James Murray, miner, Houtzdale. John Hubert, farmer, Morris twp. Alfred Hipple, miner, Cooper twp. L. T. Mohney, printer, DuBois. W. V. Carr, farmer, Pike township. J. G. Maines, laborer, Bradford twp. William George, laborer, Cooper township.

Bert E. Kanarr, agent, DuBois. George Fitch, miner, Beccaria twp. After the jury had been completed, a recess was taken.

The remainder of the jury was then excused until Wednesday next.

At 4:54 District Attorney Arnold opened for the prosecution. He outlined the crime, showing the happenings leading up to it of Pallatino's attempt to escape and his arrest, and placed stress on the fact that Rizzo had been shot in the mouth, through the neck and in the abdomen. He told the jury there were four possible verdicts they might render, viz:—First degree murder, second degree, voluntary manslaughter and acquittal. He told them the Court would advise them as to the law and explain the different degrees of murder, as the law sees it.

The taking of testimony then began. Dr. S. M. Free, of DuBois, was the first witness called. He testified as to having been called to attend Rizzo at the DuBois hospital on the morning following his shooting. Told of the nature of the three bullet wounds and that Rizzo died on the operating table at 12:20 p. m. of that day from the effects of shock due especially to the bullet wound in his abdomen.

Dr. Free was followed by County Coroner Pollum, who performed the autopsy. Dr. Pollum corroborated Dr. Free's testimony.

Court called this morning at 8:30 o'clock, it being the purpose to complete the Pallatino trial today if possible in order that the trial of Bill "Bush" Brown for the murder of Walter Moore at Woodland May 11th last might be taken up Wednesday, which will make the third murder trial for this term of court.

In order that sufficient jurors may be on hand Wednesday Sheriff Gorman was directed to summon Wednesday morning a special panel of thirty names.

District Attorney Arnold and A. R. Chase, Esq., will prosecute Brown while ex-District Attorney W. I. Swoope has been appointed by the court to represent the defense.

SHE BROKE UP THE GAME

An interesting little story is going the rounds in Curwensville, while the regular Sunday afternoon poker game on Bilger's Hill will no doubt be called off for the duration of the war, at least until the war at one of the principal's home is called off. Last Sunday evening a coterie of nine devotees of the chips were having the time of their lives while their wives were tending to the children and doing their best to meet the high cost of living and eke out a portion to buy Liberty Bonds. One of the wives decided to have a look at her lord and master's masterly playing of the game and paid the crowd an unannounced visit. Well, the rest of the story is as one would expect but our correspondent informs us that these men are the ones who growl most of the high cost of living, who cannot see how they can buy any more Liberty Bonds and who, when Sunday comes and the good wife should have a rest, are always too busy to help care for the children.

NEWS OF OUR NEIGHBORS

CURWENSVILLE

Tomatoes were not an average crop in this vicinity this season and readily find sale in our markets at \$2 per bushel.

Dr. Schlappi and family expect to move into their new house on north Locust street within the next two weeks.

Oscar Mullholen, who has been painting this summer for Frank Robinson, has resigned his job and gone to Johnstown where he expects to put in the balance of the summer.

Gunners who have interests in hunting lodges out on the mountains are getting the camps in shape, oiling up their death-dealing instruments and otherwise preparing for the fall hunting season.

Sunday was one of those beautiful fall days that made everyone who owned a gas wagon feel like turning on the juice and taking a pleasure spin out into the country. Curwensville people were loyal, however, and let their machines remain in the stall and contented themselves by taking a stroll by leg power.

Dr. Schlappi can lay claim to be the champion raspberry grower in this neck of woods. One day last week Mrs. Schlappi went out into the garden and plucked a nice, big dish full of that fruit. His variety is what is called the six weeks growers, and the vines bear a crop every six weeks until cold weather cuts the crop off.

Where is the man with soul so dead, who never to himself has said, "Give me a Liberty Bond"? By investing in a bond you are neither giving to charity or contributing to a lost cause. Uncle Sam is behind it and it never will be less in value than you paid for it. They are money savers for the holder, and every man who can scrape together fifty dollars should be the proud possessor of one.

The jitney busses running between Curwensville and Clearfield are coming into higher favor every day. People who have business at the county seat find the service to their liking and are patronizing the busses in preference to the railroad. Saturday evening the crowds that wanted to go to Clearfield could not be accommodated and extra machines had to be put on the route.

In a recent letter received by Law Whittaker from his sons who are members of a heavy artillery battery and have been on the firing line across the seas, it is noted that Joseph, his eldest son, was gassed recently in an engagement with the Huns. He got just enough of the vile stuff to make him pretty sick for a week, but on the date the letter was written the lad had so overcome the effects as to be able to be up and about his duties again.

WOMEN SHOULD

GET THIS HABIT

AS WELL AS MEN

Don't eat Bits of Breakfast Until You Drink

glasses of Hot Water

Happy bright alert—victorious and vigorous—a good clear skin; a natural rosy complexion and freedom from illness are assured only by clean, healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place.

Instead of the thousands of sickly, anemic-looking men and women and girls with many money complexes; instead of the multitude of "nervous wrecks" or "rundowns" "brain fags" and "neuritis" we should see a virile, optimistic throng of rosy-cheeked people everywhere.

As this habit is had by drinking, each morning before breakfast a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations, and poisons, thus eliminating, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, indigestion, rheumatism, eczema, and particularly those who have a pallid, sallow complexion and who are exhausted very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle but a constant use demonstrating the quick and remarkable changes in both health and appearance awaiting those who practice internal sanitation. We must remember that (aside from the fact that it is more important than soap because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do.

ONE WAY TO HELP AMERICA
WIN THE WAR

Only the best gas masks will save
our boys from painful deaths. These
masks cannot be made without good
charcoal. Wood charcoal has proved
deficient. The necessary charcoal can
be made from the pits and shells of
peaches, prunes, plums, apricots,
olives, cherries, date seeds, Brazil
nuts, hickory nuts, walnuts and but-
ternuts. Everyone is urged to save
the pits and shells of these various
nuts and fruit.

The Red Cross in each district will
see to the shipping of material col-
lected. These products must be thor-
oughly dried, either in an oven or in
the sun. Grocery stores and other es-
tablishments are urged to place recep-
tacles for their collection.

BUILDING PROJECTS MUST BE OKED BY THE GOVERNMENT

New regulations governing war
time building and construction are to
go into effect immediately under
which no private or corporate enter-
prise can be carried on without first
satisfying the War Industries Board
that such building or construction is
a necessity. It is understood that
these regulations will not apply on
construction projects of less than
\$2500. Capt. A. H. Woodward, Chair-
man of the Council for National De-
fense of Clearfield County, advises
that Mr. John Dimeling has been
recommended for the position of Di-
rector of this government enterprise
for Clearfield County. Following is
the procedure:

1. The person interested in a con-
struction project will apply, with a
full statement of the facts under-
lying, to the appropriate local repre-
sentative of the State Council of De-
fense.
2. The local representative of the
State Council will then investigate
the necessity of the proposed con-
struction and transmit its recommen-
dation, with a summary of the facts,
to the State Council for review.
3. The State Council, or its appro-
priate committee, will review the
case.

(a) If the State Council decides
in favor of the construction, it will
at once send its recommendation,
with a full statement of all the
facts, to the Non-War Construction
Section of the Priorities Division of
the War Industries Board. The
Non-War Construction Section will
then grant or withhold the permit
and notify the State Council of De-
fense, and also the individual con-
cerned of its action.

(b) If the State Council decides
against the proposed construction,
it will notify the person concerned
that his project has been disapprov-
ed.

4. The State Council will report
monthly to the Non-War Construction
Section all applications submitted to
it, including those denied adversely.
The ability of the War Industries
Board to enforce this whole plan rests
upon the fact that it controls prior-
ities and has also secured from the
manufacturers of building materials
a pledge not to supply materials for
projects which are not authorized un-
der the regulations of the War Indus-
tries Board.

To carry out the work outlined
above, we recommend that you create
a Department of Construction and
Materials and appoint as its Director,
a man of broad experience who will
be responsible for the work, and to
whom correspondence from this office
may be directed. He will probably
desire to associate with him a small
committee. The duties of this com-
mittee will be:

1. To see that the plan of the War
Industries Board for the curtailment
of construction is understood through-
out the state and to create a public
state of mind which will automatic-
ally discourage building.
2. To maintain regular communi-
cation with this office in order that
the policies of the War Industries
Board regarding construction may be
uniformly applied locally.
3. To pass upon actual cases of
proposed construction.
4. To forward to this office, all ap-
plications received, whether acted fa-
vorably or unfavorably.

entered the Lancaster business col-
lege.

**Standers, Walkers,
"Gets-It" for Corns**

World Has Never Known Its Equal

"What will get rid of my corn?" The answer
has been made by millions. There's only one
absolutely certain that makes any corn on
earth feel right off like a human skin and
that's "Gets-It". Tight shoes and
dancing when you have a corn need not
disturb you if you apply a few drops of
"Gets-It" on the corn or callus. You want a
corn-killer not a corn-fisher. You don't have
to fool with corns, you feel them right off.

Corn-Pain Is Eased—the Corn Is Doomed!

with your fingers by using "Gets-It". Cutting
makes corns grow and bleed. By use irritat-
ing salves or make a funnel of your toe with
tape or bandage. Why suffer and still have
the corn? Use "Gets-It" your corn-pain is
over the corn is a "loser" sure as the sun
rises.
"Gets-It" the guaranteed money-back corn-
remover. The only sure way cures but a trial
at any drug store. Mfg. by E. Lawrence &
Co., Chicago Ill.

GET THEIR LICENSE NUMBERS

Here and there in almost every
community are smart Alces who re-
fuse to abide by the gasoline saving
request of the Federal fuel adminis-
tration. While these Kaiser-helpers
are few and far between their loyal
neighbors and The Progress has been
in receipt of a number of communica-
tions on the subject.

If some person in the different com-
munities will quietly get the numbers
of the offending machines and send
them to the county committee on pub-
lic safety some means may be devised
to make it pleasant for these offend-
ers.

Of course this is not to include any
except real joy-riding violators of the
order and does not have in mind the
auto driver who has legitimate busi-
ness on the road on Sunday.

The order is being very generally
obeyed in Clearfield county however.

Merrill Fink, of Kent, O., arrived

**182,000 MEN ARE
REQUIRED TO FILL
NEW DRAFT QUOTA**

Washington, Sept. 16—Draft calls
announced today by Provost Marshal
General Crowder will send 181,888
men qualified for general military
service to army camps before October
16. All states have quotas to fill. Of
the total 142,000 will be white reg-
istrants, who will entrain between Oc-
tober 7 and 11. The remainder will
be negroes, who will move in two
groups, 22,016 entraining between
September 25 and 27 and 10,752 on
October 16.

Men who registered last Thursday
may be needed in a few districts to
fill the new quotas, it was said at the
provost marshal general's office, but
in most localities sufficient men re-
main in Class 1 from the registrations
of last June 5 and August 24 to meet
the requirements.

TODAY'S EVENTS

1509th day of the Great War.

Today is the 31st anniversary of
the adoption of the Federal Constitu-
tion.

One hundred years ago today Illi-
nois held its first election of State of-
ficers.

Today is the 288th anniversary of
the settlement of the city of Boston
by John Winthrop's company.

The United States, Canada and the
Allied countries will be represented
in the Inter-Allied Labor Conference
which is to meet today in London.

Three defendants charged with at-
tempting to defraud the government
in the so-called army raincoat cases
are to be placed on trial today in the
Federal court in New York.

The grand jury which convenes
today at Alfred, Maine, will take up
the case of Henry H. Hall, a Baptist
preacher, who is accused of having
murdered his wife in the town of
Wells, Me., last June.

Hearing is scheduled to being be-
fore the Interstate Commerce Com-
mission in Washington today on the
application of the American Railway
Express Company to establish zone
rates on newspapers and magazines.

The new Republican State Commit-
tee of New York meets in New York
City today to organize for the com-
ing campaign and to formally notify
the candidates on the State ticket of
their nominations in the primaries.

A festival will be held at Hillsdale,
Friday evening for the benefit of the
Red Cross. Everybody is invited.

You Can't Eat Meat 100 Miles Away

Preparing meat is only a part of Swift & Company's
usefulness.

The finest meat in the world wouldn't do you any
good one hundred miles away from your table.

Swift & Company efficiency has made it possible to
place complete lines of products in the smallest and most
remote communities.

To be sure the work is done well Swift & Company,
through its branch houses and car routes, brings the meat
to the retail dealer for you.

Swift & Company lays out car routes covering towns
—big, little, medium size—which are not served by a
Swift branch house.

Salesmen find out in advance what is wanted by
the dealers in every town.

They are followed by refrigerator cars loaded with
retailers' orders, which are delivered at each town—fresh,
clean, and sweet—once or twice each week.

Swift & Company operates a large number of car
routes like this, from fourteen distributing plants.

This is a necessary and natural part of the packer's
usefulness. It fits into the industry in an orderly, effective
way. It makes *better* meat *cheaper* from one end of
the land to the other.

Swift & Company, U. S. A.

"NO SADDER PROOF CAN BE GIVEN BY A MAN OF HIS OWN LITTLENES THAN DISBELIEF IN ALL MEN WHO HAVE BECOME GREAT."--CARLYLE

AMERICAN FORCES TAKE VANDIERES, TWO MILES BORDER OF GERMANY

Paris, Sept. 17.—American troops have reached Vandieres within a mile and a half of the German frontier, "La Liberté" announced today. Vandieres is in the Moselle valley, 3 miles north of Pont-a-Mousson. (See Vandieres on map.)

By Fred S. Ferguson
(United Press Staff Correspondent)

With The Americans On The Metz Front, Sept. 17.—Gradual progress of the American lines at the right and left extremities continue as the Germans fall back to the Metz defenses. The right advance is being made between the Mad and Moselle rivers. The Germans are busily digging in along the Hindenburg line while our positions are being steadily strengthened.

Fighting near the Hindenburg line has largely been transferred from the ground to the air. While the Boche hurried airplane reinforcements here, concentrating between the Meuse and the Moselle was going on. Two Boche planes have been brought down.

The French and Americans are keeping the enemy practically beyond his own lines. Americans made nine bombing attempts yesterday. It is estimated that the Germans have disbanded 102 infantry battalions, equivalent to 12 divisions, to make up for the losses resulting from previous fighting. Five thousand women are being mobilized for certain auxiliary service. Boys of 15 also are being used.

London, Sept. 17.—Further progress toward St. Quentin was reported by Field Marshal Haig today. The British also improved their positions in Flanders and north of Lens.

"Our troops made progress yesterday in the direction of Le Verquier northwest of St. Quentin," the statement said. "We improved our positions slightly yesterday and during the night northwest of Hulloch between La Bassée and Lens, and northeast of Neuve Chapelle."

Amsterdam, Sept. 17.—According to "Echo Belge" Bulgarian regiments have arrived back of the western front to assist the Germans.

Rome, Sept. 17.—An important council at Austrian headquarters was held recently by members of the general staff. General Berovic, president.

Washington, Sept. 17.—The whole Serbian army have united and are on Serbian soil as the result of the Jibropelle victory against the Bulgars. This victory gained the second Serbian army their chance at their objective to rob the Bulgarians of their positions which they had held tenaciously for more than two years.

London, Sept. 17.—The Serbian offensive continues with complete success, it was officially announced today. The Bulgar front has been penetrated to a depth of more than 5 miles on a front of over 12 miles. More than 3,000 prisoners and 24 guns have been captured. The French and Serbian casualties are small.

2064 MEN LIABLE FOR FIRST CALL IN THIS DISTRICT

According to the records of the recent registration for District No. 1 of Clearfield county, as completed at local Selective Service headquarters, there are 2064 men liable for first call, being between the ages of 18 to 21 and 31 to 46 inclusive, under this registration.

Following is the compilation according to ages between 18 and 45—

CLEARFIELD FAIR IS READY FOR FAIR WEATHER

Everything is in readiness for the big fair over at the Driving park and visitors will be surprised at the gorgeousness of the display and the varied character of the amusements provided.

The live stock and other farm exhibits were coming in in great shape all day Monday and today and this feature will be well worth seeing.

The huge exhibition pavilion is a veritable bower of beauty to exhibitors vying with each other in their attempts to make the prettiest showing at their individual booths.

The track is in fair condition despite the recent wet weather and the professional motor cycle racers are ready and willing to stage some thrilling races.

The Wallace Vocal Orchestra a famous musical organization is on hand and a fine wild west show is also one of the chief attractions.

Don't miss the fair this year, it is well worth visiting. Fireworks, music, dancing and other interesting features in the evening.

Tonight will be a big night at the fair grounds. Promptly at eight o'clock the Wallace Vocal Orchestra will give a concert on the grandstand after which, about eight thirty, the gorgeous fireworks display will amuse the crowd. Thayers orchestra will play in the main building throughout the evening. An admission of twenty five cents will be charged.

Weather conditions are getting more favorable and the management expects to be able to carry out the regular program in full tomorrow.

CAMP UPTON GUARANTINED

Camp Upton, N. Y., Sept. 17.—Camp Upton was closed today by order of Col. John S. Mallory post commander to check the spread of the so-called Spanish influenza of which there are 700 cases in the cantonments. There are sufficient nurses and physicians at the camp to cope with the situation.

NOTICE

Overly Bros. store will be closed on Thursday afternoon for the county fair. S17-21c

WILSON'S REPLY TO AUSTRIA IS SHORT AND TO THE POINT

London, Sept. 17.—President Wilson speaks for the Allies, declared Lord Northcliffe writing in the Evening News today relative to America's reply to the Austrian peace proposal.

London, Sept. 17.—Without exception morning newspapers today placed their endorsement on the unofficial reply to the Austrian peace proposals voiced by Foreign Secretary Balfour.

Washington, Sept. 16.—President Wilson tonight flatly rejected the Austro-Hungarian government's proposal for a peace parley. His reply is perhaps without a precedent in history. It was made public within half an hour after the Swedish minister delivered the text of the note to the state department.

The President's answer was issued in the form of a statement from Secretary Lansing and reads:

"The Government of the United States feels that there is only one reply which it can make to the suggestion of the Imperial Austro-Hungarian government. It has repeated and with entire candor stated the terms upon which the United States would consider peace and can and will entertain no proposal for a conference upon a matter concerning which it has made its position and purpose so plain."

The President, it is assumed, again spoke for the allied world. And in so doing, wrote "finis" to the Austrian move. His answer, couched in the plainest language, consisted of exactly 68 words as compared with the several thousand words that made up the long statement from Austria.

Tomorrow, the message will be given over to the Swedish minister in exactly the same terms as it appears tonight.

Chronologically, the answer constitutes the fastest chapter in this country's war history and there is a reason. It is that the United States in common with the allies, saw through the hypocrisy of the Austrian note and the thin veneer that barely hid Germany's hand in the proposal and therefore, wished to dispose of it as rapidly as possible.

It was 6:20 o'clock when the Swedish minister arrived with the note. Two minutes later he left the office of Secretary Lansing and in thirty-three minutes Mr. Lansing gave an audience to newspaper correspondents and made public the reply.

HE RAMBLED! YES, HE RAMBLED! RAMBLED! RIGHT ALONG! SURE!

The "Bowery" was the scene of a near-tragedy last evening. During the rainstorm an automobile drove up to the curb and deposited a female passenger onto the sidewalk. As the chauffeur or driver of the car closed the door after "his fare" a man stepped from behind a convenient tree and ramming the business end of a blue steel gat under the surprised auto driver's ear threatened to scatter the latter's gray matter promiscuously about the wet street.

The gun play was accompanied by a general anathema against all triflers with the affections of other men's wives. The poor scared autoist attempted to explain but the man with the gun had the floor and refused to yield. After threatening instant and seven other kinds of deaths he thought better of it and deciding that the county jail was the place for such as he believed his victim to be, the irate husband ordered his man to begin the lock-step drive to Sheriff Gorman's mansion.

It was not a terrible long drill at that but did you ever travel any considerable distance with the cold muzzle of a revolver at the butt of your ear. We didn't but we heard a fellow describe his feelings, who was the central figure in such a demonstration.

Talk about war and "going over the top," the fellow ahead of that gun would have changed places instantly with the Hun general in charge of the chief fortress at Metz, with the bayonets of Pershing's doughboys right at his throat. He attempted again and again to explain to the angry husband that he had the wrong man, that he was merely acting as a jitney driver and was not to be held personally liable for any passenger he might transport from place to place.

Nothing doing along that line. The "man behind the gun" ordered all chatter to cease and it did when he said he would count three and then shoot if the parade stopped for an instant. Well, to make a long story short, the jail was soon reached. Sheriff Gorman, wearing his most winning smile, answered the knock and while he was somewhat jarred by the manner and appearance of his callers, he proved equal to the occasion, and with rare foresight soon had an iron door between prisoner and pursuer.

After seeing his victim safely within the portals of the county stone pile the injured husband retraced his steps

FLAG POLE WILL BE LOCATED AT DIAMOND

Council At Its Regular Meeting Gives Sanction To Location Favored By Public

POLICEMEN ARE GIVEN RAISE

Last night's semi-monthly session of council was attended by seven of the twelve members. President Pletcher presided and the business of the session was disposed of with rapidity and dispatch.

Burgess Chase reported 15 arrests during the month of August, with the collection of \$35 in fines and \$3 for licenses granted. The Burgess also recommended an increase in the salary of the policemen.

Engineer Hess reported the establishing of sidewalk grades and stated that no action had been taken by the State Health department on Bigley avenue sewer permit.

Chairman Gallaher of the Finance Committee, presented the report of the committee recommending increase of \$15 per month in the salaries of the police to take effect September 1, 1918. On motion it was unanimously decided to increase the salaries of Chief Eadie and Assistant Carlson to \$115 and \$110 per month.

Messrs. A. W. Lee, J. G. McCarty, F. B. Leavy and A. W. Leonardson petitioned council to have the alley adjoining their properties, located from Market street between Second and Third streets and from Second street between Market and Cherry, the said property, owner agreeing to pay two-thirds of the cost of the paving. This being in accordance with the general plan of council it was unanimously decided to accept the petition and the Street Commissioner was instructed to do the work when labor and material were available.

The matter of the location of the pole for the flag raising on September 29th was again taken up. Burgess Chase and several councilmen stated that the people of the town were almost a unit in the demand that the pole be located in the center of the "diamond" at the public square. Thereupon it was unanimously decided to rescind the action of council of August 19th and grant permission to the committee in charge to locate the pole at the diamond, the same to be substantially erected and made safe. Council then adjourned to meet Monday evening, Oct. 7th at 8 p. m.

REPORT BILL FOR ONE-MAN AIRCRAFT CONTROL POST

Washington, Sept. 17.—Acting in direct opposition to the "wish" of the Administration the Senate Military committee today reported favorably the bill providing for one-man control of the airplane industry. The bill introduced by Senator New of Indiana provides for a new cabinet officer to be known as the Secretary of Aeronautics.

Washington, Sept. 17.—An estimate of \$7,348,000,000 to carry out the new enlarge army program under the 18 to 45 draft law was submitted to Congress by the War department today.

NOTICE

The September meeting of the Woman's Home Missionary of Trinity Methodist church is postponed until Wednesday of next week.

to his home and no doubt sought satisfactory expansion at that end of the line.

Friends came to the rescue of the luckless victim of the irate husband's wrath and he was soon at liberty again, but nervously juked and dodged behind the other fellow every time he passed a shade tree or dark corner. He says he and his auto are no longer for hire after sundown. It is too hard on the nerves.

Evan J. Jones, Bradford.

State Senate

J. M. Miller, Madera.

General Assembly.

Dr. A. H. Pidgeon, Houtzdale.

D. D. Miller, Grampian.

Jos. Phillips, Clearfield

THE REPUBLICAN TICKET

The names of the Republican nominees for State, Congress and local offices appears at the head of the editorial columns of this Progress this evening. The campaign in Pennsylvania has just been opened yet, but it will be well for the voters to familiarize themselves with the personality of the candidates who seek support on the Republican ticket. So much time has elapsed since the people nominated these men, and the war interest has so absorbed the minds of the electorate that politics have been almost entirely forgotten. But politics is part of the war game at this time. It is hoped that the men who are elected next November will not have served their full terms before the great conflict is at its end, and the country is considering the measures for reconstruction.

The ticket which the Republicans of Pennsylvania have placed before the voters this year is one of the best that could be placed. At the head is Senator William C. Sproul, nominee for the office of Governor. His long service in the State Legislature has made him thoroughly conversant with the needs of the people of the State. Moreover, he is an able business man, connected with large industrial interests, and as such a part of the business which has given Pennsylvania its prosperity and its position as the busiest State in the Union. Every person who has known Senator Sproul has only good words to say of him, and his friends who know him best are among his strongest supporters.

Edward E. Beidleman, nominee for Lieutenant Governor, is a State Senator, having served in that body since 1912. Previous to that term he served eight years in the House, so that he has had long legislative experience. As an attorney he was considered one of the ablest members of the Dauphin county bar. In connection with the laws of the State and high executive ability he is especially fitted for the office.

James F. Woodward, who has been selected as the Republican nominee for the office of Secretary of Internal Affairs, is a native of Allegheny county, but has lived the greater part of his life in Allegheny. He has served in the House since 1905. He has been connected with the administration of several hospitals about Pittsburgh, and has taken an active interest in this work. His medical training, as well as his legislative experience, fit him for the office.

Most of the candidates for Congressmen-at-Large have already served the State in the National House, through several terms. William J. Burke is one who has not yet been in Congress though he has been a member of the State Senate. He is well known among the railroad men, having been connected with most of the various railroad labor organizations, and as the representative of those bodies has held high positions in their councils. Mahlon M. Garland and Walters have all represented their districts in Congress and with ability, and also have been elected to the House as Congressmen-at-Large.

The Republicans of this Congressional district have fittingly named Evan J. Jones to be their candidate for the honor. Mr.

If you are going to attend the Big Fair this week be sure to stop at Brown's and see the newest and snappiest shoe styles for Fall and Winter. They are more beautiful than ever. Prices considerably below what you might expect to pay, you will see tans, greys and blacks in abundance; Military, Cuban and French heels. Compare our prices, then judge for yourself

\$5.50, \$6.50, \$7.50, \$8.50, \$9.00, \$9.50

Winning The War

has become the big issue of the day. The business man is bringing every force to bear in fulfilling the mighty part he is called upon to play. This is the time when the experience and service of the Clearfield Trust Co., can be especially beneficial. Our officers invite conference with loyal business men of this community.

Jones, who is a man qualified in every respect to represent this district.

Dr. Miller was the State Senator from this district during the last term and well deserves the second. He always had the interest of his district at heart, and was ever willing to carry out the wishes of the people to the best of his ability.

For the Assembly the Republicans have nominated Joseph E. Phillips, of Clearfield, D. D. Miller, of Grampian, and Dr. A. H. Pidgeon, of Houtzdale, all of whom have the confidence of their neighbors as being men who will serve the people very ably.

KIDNEYS WEAKENING?

LOOK OUT!

Kidney and bladder troubles don't disappear of themselves. They grow upon you slowly but steadily undermining your health with deadly certainty until you fall a victim to incurable disease.

Stop your troubles while there is time. Don't wait until little pains become big aches. Don't trifle with disease. To avoid future suffering, take treatment with GOLD MEDAL MENTAL HAZARD Oil Capsules. Take three or four every day until you feel that you are entirely free from pain.

This well-known preparation has been one of the national remedies of England for centuries. It has been the favorite of the nobles and granted a special charter authorizing its preparation and sale.

The good housewife of Holland would almost as soon be without food as without her "Real Dutch Dress" as she calls it. GOLD MEDAL MENTAL HAZARD Oil Capsules. Their use restores strength and is responsible in a great measure for the sturdy robust health of the Hollanders.

Do not delay. Go to your druggist and insist on his giving you with a box of GOLD MEDAL MENTAL HAZARD Oil Capsules. Take them as directed and if you are not satisfied with results your druggist will gladly refund your money. Look for the name GOLD MEDAL on the box and accept no other. In sealed boxes, three sizes.

EXEMPTION CLAIMS WILL REQUIRE DETAIL OF PRIVATE AFFAIRS

Distribution of draft questionnaires to close to 14,000,000 men, which will begin this week in many states, will reveal to the new registrants the fact that they are required to set down in Government records their most intimate personal affairs, financial, domestic and physical.

A man who claims exemption must tell everything about himself from the color of his eyes to the amount of money he made last year, and how he spent it; what he owns and how much he owes; whether he owns or rents his own home or lives with his or his wife's parents; the date of his marriage, and birth of a child, and the date their dependency upon him began. There are just a few; there are many others.

General Crowder realizes that many men would have a hesitancy in setting down in writing many of these intimate personal facts, if the record of them were to be public property. Facts connected with the classification of men by the boards are public records, but General Crowder has issued regulations prohibiting local draft boards from disclosing for public inspection the answers of registrants on health and dependency subjects.

ANOTHER CLEARFIELD GIRL IN THE SERVICE

Miss Evelyn Davis daughter of Mr. and Mrs. John B. Davis of Linden street left on the 8 a. m. train for Azalea, North Carolina, where she has been assigned to Base Hospital No. 10. Miss Davis is a graduate of the Harrisburg hospital where she has been night superintendent since her graduation 16 months ago.

Miss Davis has two brothers with the American Expeditionary Forces in France. Harry, who is in a regular army regiment and Charley, a National Guardsman.

IF KIDNEYS AND BLADDER BOTHER

Take Salts to Wash Kidneys and Neutralize Irritating Acids

Kidney and bladder weakness result from uric acid says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, stinging sensation of setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passing sometimes with a searing sensation and is very profuse; again there is difficulty in voiding. Bladder weakness most folk call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again. Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is a splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink which quickly relieves bladder trouble.

BUSH BROWN TRIAL FOLLOWS PALLATINO

The trial of Tony Pallatino for the murder at Tyler on July 7th last of Dominick Rizzo began about 11:30 yesterday morning.

After the arraignment of the defendant by District Attorney Arnold, the selecting of the jury was begun. This task was completed at 4:20 p. m. The following make up the jury:

Daniel Meyer, farmer, Decatur twp. Clair Wineberg, painter, DuBois. A. C. Lansberry, farmer, Bradford township.

James Murray, miner, Houtzdale. John Hubert, farmer, Morris twp. Alfred Hipple, miner, Cooper twp. L. T. Mohney, printer, DuBois. W. V. Carr, farmer, Pike township. J. G. Maines, laborer, Bradford twp. William George, laborer, Cooper township.

Bert E. Kanarr, agent, DuBois. George Fitch, miner, Becaria twp. After the jury had been selected, a recess was taken.

The remainder of the jury was then excused until Wednesday next.

At 4:54 District Attorney Arnold opened for the prosecution. He outlined the crime, showing the happenings leading up to it of Pallatino's attempt to escape and his arrest, and placed stress on the fact that Rizzo had been shot in the mouth, through the neck and in the abdomen. He told the jury there were four possible verdicts they might render, viz:—First degree murder, second degree, voluntary manslaughter and acquittal. He told them the Court would advise them as to the law and explain the different degrees of murder, as the law sees it.

The taking of testimony then began. Dr. S. M. Free, of DuBois, was the first witness called. He testified as to having been called to attend Rizzo at the DuBois hospital on the morning following his shooting. Told of the nature of the three bullet wounds and that Rizzo died on the operating table at 12:20 p. m. of that day from the effects of shock due especially to the bullet wound in his abdomen.

Dr. Free was followed by County Coroner Pollum, who performed the autopsy. Dr. Pollum corroborated Dr. Free's testimony.

Court called this morning at 8:30 o'clock, it being the purpose to complete the Pallatino trial today if possible in order that the trial of Bill "Bush" Brown for the murder of Walter Moore at Woodland May 11th last night be taken up Wednesday, which will make the third murder trial for this term of court.

In order that sufficient jurors may be on hand Wednesday Sheriff Gorman was directed to summon Wednesday morning a special panel of thirty names.

District Attorney Arnold and A. R. Chase, Esq., will prosecute Brown while ex-District Attorney W. I. Swoope has been appointed by the court to represent the defense.

SHE BROKE UP THE GAME

An interesting little story is going the rounds in Curwensville, while the regular Sunday afternoon poker game on Bilger's Hill will no doubt be called off for the duration of the war, at least until the war at one of the principal's home is called off. Last Sunday evening a coterie of nine devotees of the chips were having the time of their lives while their wives were tending to the children and doing their best to meet the high cost of living and eke out a portion to buy Liberty Bonds. One of the wives decided to have a look at her lord and master's masterly playing of the game and paid the crowd an unannounced visit. Well, the rest of the story is as one would expect but our correspondent informs us that these men are the ones who grow most of the high cost of living, who cannot see how they can buy any more Liberty Bonds and who, when Sunday comes and the good wife should have a rest, are always too busy to help care for the children.

NEWS OF OUR NEIGHBORS CURWENSVILLE

Tomatoes were not an average crop in this vicinity this season and readily find sale in our markets at \$2 per bushel.

Dr. Schlappi and family expect to move into their new house on north Locust street within the next two weeks.

Oscar Mullholen, who has been painting this summer for Frank Robinson, has resigned his job and gone to Johnstown where he expects to put in the balance of the summer.

Gunsners who have interests in hunting lodges out on the mountains are getting the camps in shape, oiling up their death-dealing instruments and otherwise preparing for the fall hunting season.

Sunday was one of those beautiful fall days that made everyone who owned a gas wagon feel like turning on the juice and taking a pleasure spin out into the country. Curwensville people were loyal, however, and let their machines remain in the stall and contented themselves by taking a stroll by leg power.

Dr. Schlappi can lay claim to be the champion raspberry grower in this neck of woods. One day last week Mrs. Schlappi went out into the garden and plucked a nice, big dish full of that fruit. His variety is what is called the six weeks growers, and the vines bear a crop every six weeks until cold weather cuts the crop off.

Where is the man with soul so dead, who never to himself has said, "Give me a Liberty Bond"? By investing in a bond you are neither giving to charity or contributing to a lost cause. Uncle Sam is behind it and it never will be less in value than you paid for it. They are money savers for the holder, and every man who can scrape together fifty dollars should be the proud possessor of one.

The jitney busses running between Curwensville and Clearfield are coming into higher favor every day. People who have business at the county seat find the service to their liking and are patronizing the busses in preference to the railroad. Saturday evening the crowds that wanted to go to Clearfield could not be accommodated and extra machines had to be put on the route.

In a recent letter received by Law Whittaker from his sons who are members of a heavy artillery battery and have been on the firing line across the seas, it is noted that Joseph, his eldest son, was gassed recently in an engagement with the Huns. He got just enough of the vile stuff to make him pretty sick for a week, but on the date the letter was written the lad had so overcome the effects as to be able to be up and about his duties again.

WOMEN SHOULD
GET THIS HABIT
AS WELL AS MEN

Don't eat Bits of Breakfast Until You Drink Glass of Hot Water

Happy bright alert vigorous and vivacious a good clear skin; a natural rosy complexion and freckles from blood are secured only by clean, healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place.

Instead of the thousands of sickly, anaemic-looking men women and girls with heavy or muddy complexions; instead of the multitude of "nerve wrecks" or "rundowns" "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking, each morning before breakfast a glass of real hot water with a teaspoonful of Epsom salt. Urinate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste—sour fermentations, and poisons, thus clearing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

BUILDING PROJECTS MUST BE OKED BY THE GOVERNMENT

New regulations governing war
time building and construction are to
go into effect immediately under
which no private or corporate enter-
prise can be carried on without first
satisfying the War Industries Board
that such building or construction is
a necessity. It is understood that
these regulations will not apply on
construction projects of less than
\$2500. Capt. A. H. Woodward, Chair-
man of the Council for National De-
fense of Clearfield County, advises
that Mr. John Dimeling has been
recommended for the position of Di-
rector of this government enterprise
for Clearfield County. Following is
the procedure:

1. The person interested in a con-
struction project will apply, with a
full statement of the facts under
oath, to the appropriate local repre-
sentative of the State Council of De-
fense.
2. The local representative of the
State Council will then investigate
the necessity of the proposed con-
struction and transmit its recommen-
dation, with a summary of the facts,
to the State Council for review.
3. The State Council, or its appro-
priate committee, will review the
case.

(a) If the State Council decides
in favor of the construction, it will
at once send its recommendation,
with a full statement of all the
facts, to the Non-War Construction
Section of the Priorities Division of
the War Industries Board. The
Non-War Construction Section will
then grant or withhold the permit,
and notify the State Council of De-
fense, and also the individual con-
cerned of its action.

(b) If the State Council decides
against the proposed construction,
it will notify the person concerned
that his project has been disapprov-
ed.

4. The State Council will report
monthly to the Non-War Construction
Section all applications submitted to
it, including those decided adversely.
The ability of the War Industries
Board to enforce this whole plan rests
upon the fact that it controls prior-
ities and has also secured from the
manufacturers of buildings materials
a pledge not to supply materials for
projects which are not authorized un-
der the regulations of the War Indus-
tries Board.

To carry out the work outlined
above, we recommend that you create
a Department of Construction and
Materials and appoint as its Director,
a man of broad experience who will
be responsible for the work, and to
whom correspondence from this office
may be directed. He will probably
desire to associate with him a small
committee. The duties of this com-
mittee will be:

1. To see that the plan of the War
Industries Board for the curtailment
of construction is understood through-
out the state and to create a public
state of mind which will automatic-
ally discourage building.
2. To maintain regular communi-
cation with this office in order that
the policies of the War Industries
Board regarding construction may be
uniformly applied locally.
3. To pass upon actual cases of
proposed construction.
4. To forward to this office, all ap-
plications received, whether acted fa-
vorably or unfavorably.

Miss Ethel Underwood left Monday

World Has Never Known Its Equal
"What will get rid of my corn? The answer
has been made by millions. There's only one
corn-remover that you can bank on. That's
absolutely certain that makes any corn on
earth feel right off like a banana skin and
that's magic 'Gets-It'. Tight shoes and
dancing even when you have a corn need not
disturb you if you apply a few drops of
'Gets-It' on the extra corn. You want a
corn-remover not a corn-fighter. You don't have
to fool with corns you feel them right off."

Corn-Pain Is Eased—the Corn Is Doomed!

With your fingers by using "Gets-It". Cutting
makes corns grow and bleed. Why use irritat-
ing salves or make a corn of your toe with
tape or banana? Why bother and still have
the corn? The "Gets-It" your corn-pain is
over the corn is a "corner" sure as the sun
rises.
"Gets-It" the guaranteed money-back corn-
remover. The only corn-remover that's tried
at any drug store. Mfg. by E. Lawrence &
Co., Chicago, Ill.

GET THEIR LICENSE NUMBERS

Here and there in almost every
community are smart Ales who re-
fuse to abide by the gasoline saving
request of the Federal fuel adminis-
tration. While these Kaiser-helpers
are few and far between their loyal
neighbors and The Progress has been
in receipt of a number of communica-
tions on the subject.

If some person in the different com-
munities will quietly get the numbers
of the offending machines and send
them to the county committee on pub-
lic safety some means may be devised
to make it pleasant for these offend-
ers.

Of course this is not to include any
except real joy-riding violators of the
order and does not have in mind the
auto driver who has legitimate busi-
ness on the road on Sunday.

The order is being very generally
obeyed in Clearfield county however.

Merrill Fink, of Kent, O., arrived
yesterday to visit his wife and other
relatives in town.

**182,000 MEN ARE
REQUIRED TO FILL
NEW DRAFT QUOTA**

Washington, Sept. 16—Draft calls
announced today by Provost Marshal
General Crowder will send 181,838
men qualified for general military
service to army camps before October
15. All states have quotas to fill. Of
the total 142,000 will be white regis-
trants, who will entrain between Oc-
tober 7 and 11. The remainder will
be negroes, who will move in two
groups, 29,016 entraining between
September 25 and 27 and 10,752 on
October 16.

Men who registered last Thursday
may be needed in a few districts to
fill the new quotas, it was said at the
provost marshal general's office, but
in most localities sufficient men re-
main in Class 1 from the registrations
of last June 5 and August 24 to meet
the requirements.

TODAY'S EVENTS

150th day of the Great War.

Today is the 31st anniversary of
the adoption of the Federal Consti-
tution.

One hundred years ago today Illi-
nois held its first election of State of-
ficers.

Today is the 288th anniversary of
the settlement of the city of Boston
by John Winthrop's company.

The United States, Canada and the
Allied countries will be represented
in the Inter-Allied Labor Conference
which is to meet today in London.

Three defendants charged with at-
tempting to defraud the government
in the so-called army raincoat cases
are to be placed on trial today in the
Federal court in New York.

The grand jury which convenes
today at Alfred, Maine, will take up
the case of Henry H. Hall, a Baptist
preacher, who is accused of having
murdered his wife in the town of
Wells, Me., last June.

Hearing is scheduled to being be-
fore the Interstate Commerce Com-
mission in Washington today on the
application of the American Railway
Express Company to establish zone
rates on newspapers and magazines.

mittee of New York meets in New York
City today to organize for the com-
ing campaign and to formally notify
the candidates on the State ticket of
their nominations in the primaries.

A festival will be held at Hillsdale,
Friday evening for the benefit of the
Red Cross. Everybody is invited.

Liberty Bonds are winning the
fight. Buy more.

Store Editorials

"I Can Keep In Touch With Your Store

and the new fashions so easily," remarked
one woman the other day. "I don't have
to take up several hours of my time getting
a general idea of what is fashionable and
what is not so fashionable when I am pur-
chasing. Your ads are written in such an
interesting style that even if I did not come
to the store I believe I would know just as
fully the prevailing fashions and best val-
ues."

Yes, our ads offer a splendid means for
you to get in touch with the news that you
are interested in in the shortest possible
time. Read them carefully every time they
appear and you will be surprised and de-
lighted with the information acquired.

You Can't Eat Meat 100 Miles Away

Preparing meat is only a part of Swift & Company's
usefulness.

The finest meat in the world wouldn't do you any
good one hundred miles away from your table.

Swift & Company efficiency has made it possible to
place complete lines of products in the smallest and most
remote communities.

To be sure the work is done well Swift & Company,
through its branch houses and car routes, brings the meat
to the retail dealer for you.

Swift & Company lays out car routes covering towns
—big, little, medium size—which are not served by a
Swift branch house.

Salesmen find out in advance what is wanted by
the dealers in every town.

They are followed by refrigerator cars loaded with
retailers' orders, which are delivered at each town—fresh,
clean, and sweet—once or twice each week.

Swift & Company operates a large number of car
routes like this, from fourteen distributing plants.

This is a necessary and natural part of the packer's
usefulness. It fits into the industry in an orderly, effective
way. It makes better meat cheaper from one end of
the land to the other.

Swift & Company, U. S. A.
